

Winning the game

Nobody loses anyone else. Nobody goes anywhere. It is perfectly planned for settlement of unilateral KARMA. Debt accounting software of universe work according to the direction of Divine. He is the operator. And that is why we have two of the working tools when we are here in physical state, that is our destiny and our free will. Destiny is software which works according to the input of universal software and that is why it is named as Prarabdh karma. Mostly, it is what we are carrying from past. All the debit and credit entries. And our net profit, get converted into our learning of patience, love and with these two tools we became able to reach the center of functionality, Divine. When we try to reach him, he with his own powers, provide us free will. Now we have two choices, either we do things as per our wish to enjoy all earthly things or do things according to our life plan. If we go with second option, it will lead us to further attainments. Will push us towards purity, God, Almighty, light center, Divinity any name you can choose. It is always like a game, where earning of points gives you opportunity to win the race. In this race, if someone come across and you find it difficult or suffocating to settle the account, just think of your last paper in your degree examination. After appearing in the paper you became graduate. So keep in mind in this life settlement of account with anyone is your last chance. You never know when in future you will get next opportunity to appear in such examination which can provide you final degree. Moreover, you got this physical opportunity only to do designated jobs.

Suppose you miss the last local at 11.30. now you can reach your home only next morning. It is not only expensive to spoil your chance but it is difficult to stay outside world. So it is suggestive to reach your home earliest after completing your job here. But is it easy to complete the job? no way. It rather hardest thing to face at daily basis. What is way out to make it easy? only two things, one tries to know your life plan. Plan you made before coming here with the help of higher entities. So you should know why are you here. And second, most important and difficult to follow, use your free will carefully to attainments of your life plan. No one can stop you to be winner. With winning this level game is complete. You won.
